

2017 WOMEN BUILD AMERICA
NEW YORK MID-YEAR CONFERENCE
SEPTEMBER 15, 2017

Women Construction Owners & Executives, USA

EMPOWERED WOMEN EMPOWER WOMEN

WCOE was conceived in 1983 by 11 construction women who envisioned a national association to custom fit their unique business needs. They formed WCOE to promote opportunities and business for women-owned firms and policy-making executives in the construction industry. WCOE continues to advocate and influence the national agenda affecting women-owned businesses.

WCOE’s member-businesses include general contractors, top-level policy-making executives, architects, engineers, project managers, subcontractors, suppliers and other business women and professionals related to the construction industry. We are focused on one goal still – TO HELP OUR MEMBERS GROW AND PROSPER.

SPONSORSHIP

Sponsorships for this national event provide an opportunity for our industry to show support of women in our field at all ownership and executive levels. National Board Members from across the country will be joining us for this Mid-Year Conference.

All sponsors will be receive:

- Recognition in the Turning Point e-newsletter, which is distributed twice monthly to over 8,000 members, associates, and congressional offices.
- Signage and recognition at the New York conference.
