Women Construction Owners & Executives, USA

CORPORATE ALLIANCE PARTNERSHIP (CAP)

The Corporate Alliance Partnership (CAP) is designed to develop mutually beneficial relationships between the corporate community and Women Construction Owners & Executives, USA. This cooperative partnership facilitates the alignment of corporate interests with WCOE's goals and objectives, while focusing on outcomes that advance the strategic initiatives of both your corporation and our association.

CAP provides opportunities for corporate support and outreach through sharing markets, experiences and business prospects. Just as important though, the program gives corporate partners access to WCOE's resources through networking, educational conferences, publications and contracting opportunities. The CAP ensures a collaborative effort and mutual advocacy to overcome challenges confronting our corporations in today's marketplace as it relates to expanding the growth of Women Business Enterprises.

MISSION OF WCOE

Women Construction Owners and Executives, USA is a national association representing women business owners and policy making executives in the construction industry. Founded three decades ago, we are recognized as the voice of women-owned construction companies. We provide business connections, education and advocacy for issues impacting our industry, particularly issues involving small and women-owned businesses.

The Core Purposes of WCOE are:

- To promote the role of women-owned businesses in the construction industry
- To advance women in executive management positions within the industry
- To provide a network of executive women in construction for peer-to-peer assistance and information
- To provide resources to enhance the professional development of every member
- To monitor and pursue legislation advantageous to the business community in general and the construction industry in particular

*WCOE Grows
Your Contacts,
Contracts &
Bottom Line*

*Your support of
WCOE through the
Corporate Alliance
Partnership will link
your company to
supporting dynamic
women who
have chosen a
non-traditional
career in the
construction industry*
